When is the last time you've seen sheep in real life? Have you ever? What about swine or cattle?

Come to the Fair to see and learn about these magnificent animals. You can also cheer on 4-Hers as they display their animal showmanship. During the contest, the judge will ask exhibitors questions about the feeding, breeding and management of that type of livestock. Along with showmanship, the judge will inspect the animals to see if they are healthy.

If interested in participating, please contact Ariel Delgado (adelgad2@umd.edu, 301-868-9636)
